

How to Enter Your Telco Account Loan Number to Online Payment

Your Telco account number must be entered as 13 digits here's how:

Example A)

If your Telco account loan number is: *12345* and your loan ID is *18*

Use 2 as your first digit followed by your loan ID number.

Next add 0's as spacers in front of your loan account number to create 13 digits.

Your 13 digit loan account number is: **218000012345**

Example B)

If your Telco account loan number is: *123456* and your loan ID is *19*

Use 2 as your first digit followed by your loan ID number.

Next add 0's as spacers in front of your loan account number to create 13 digits.

Your 13 digit loan account number is: **2190000123456**

Example C)

If your Telco account loan number is: *1234567* and your loan ID is *11*

Use 2 as your first digit followed by your loan ID number.

Next add 0's as spacers in front of your loan account number to create 13 digits.

Your 13 digit loan account number is: **2110001234567**
